PSYCH 540 Week 6 DQ 1

This document of PSYCH 540 Week 6 Discussion Question 1 contains:

In the very first discussion question of this class, I asked you to formulate an interesting research question and to suggest ways to go about answering it. Now that you have considerably more sophistication, I want you to address this question a second time. State the question, tell us why it is interesting, and tell us how you would go about answering it with research. Now that you have greater sophistication, you will want to use the best available methods for answering your question.
